

ABOUT US

produce high-quality stainless steel products, such as outdoor kitchen cabinets, gas Bill Barrett barbecue stoves, charcoal Bill Barrett barbecue stoves, manual sink cabinets, and DIY integrated kitchens. With more than 10 years of OEM experience, we have professional teams and processing equipment, such as CNC punch, Press brake, milling machine, grinder, EDM cutting, welding. We also have proficient management and have obtained ISO9001, CE, and CSA certificates, so we are confident in providing our customers with the best products and suitable solutions. We welcome friends from all over the world to visit our company and negotiate business.

Our engineers have a high academic qualifications and research experience. We obtain several technology patent regarding with gas appliances. We can manufacture the mold independently, this will help us develop the new products quickly and getting more advantages. With strict quality testing procedure, we can guarantee the safety of our products.
